### RESEARCH EXPERIENCE

#### **Chief Research Officer, REINFORCED CARE, INC.,** Raynham, MA (2012-present).

- ◆ Analyze and interpret extensive patient data for hospital leadership.
  - Identify predictors and causes of post-discharge outcomes based on ongoing data feeds from hospitals and telephone outreach to patients.
  - Investigate hospital quality improvements that will also increase revenue.
  - Design research with and present findings to CEOs, chief medical and nursing officers, and directors of quality improvement and case management.
- ◆ Introduce statistical techniques including data mapping, path diagrams, random forests, Monte Carlo simulation, censored regression, CHAID, MICE, ARIMA, LASSO, and specialized *R* packages.
- ◆ Lead marketing initiatives encompassing collateral, white papers, and website redesign. Represent the company through proposals, publications, and presentations.
- ◆ Promoted from Senior Research Analyst, 2016.

#### **Statistician, Research Consultant, and Principal, [INTEGRATIVE STATISTICS](#)** (2001-present).

- ◆ Assist businesses, nonprofits, attorneys, and academic researchers. Clients include Thomson Publishing, Ropes & Gray LLP, Princeton University, Boston College, and UMass Lowell.
  - Research design, from audience needs and budget constraints to power analysis, sampling and weighting, and psychometrics.
  - Data collection and management, including effective use of survey and statistical software.
  - Resourceful data analysis, including multivariate methods (e.g., multiple regression, binary and multinomial logistic modeling, factor and cluster analysis) and Monte Carlo simulation.
  - Insightful interpretation and effective presentation of findings.
- ◆ Conducted large-scale [projects](#) in health care (surgical errors, nurses' working conditions); education (university financial aid modeling, teacher salaries and retention); and business (staff training needs, sampling strategies for reducing auditing expenses).
- ◆ Helped attorneys prepare rebuttal of expert testimony; investigated gender inequality in law.
- ◆ Contributed to psychology, social work, and archaeology publications.

#### **Senior Research Associate, MAGUIRE ASSOCIATES, INC.,** Concord, MA (2007-2012).

- ◆ Conducted surveys, focus groups, and evaluations to support marketing, retention, and alumni outreach efforts in higher education.
  - Clients included Bates, Carnegie-Mellon, Fordham, Georgia Tech, and U. of New Mexico.
  - Collaborated with administrators to ensure fidelity of research to institutional needs.
  - Managed project flow and supervised design, data collection, processing, analysis, and reporting.
  - Created in-depth reports addressing school image, drivers of student decisions, and price sensitivity.
  - Presented findings to presidents, deans, and faculty.
- ◆ Co-led development of a new service line to increase student retention.
- ◆ Trained colleagues in statistics, data graphics, psychometrics, and behavioral economics.
- ◆ Represented the company through proposals and publications. Co-created a 90-minute webinar.

**Statistician/Researcher, HARVARD GRADUATE SCHOOL OF EDUCATION, Cambridge, MA (2003-2007).**

- ◆ Designed and conducted research and evaluations for online courses aimed at improving classroom teaching and supporting school reforms internationally.
  - Coordinated all aspects of large-scale internet surveys administered in three languages.
    - ✓ Designed surveys using primary and secondary research on cross-cultural and online methods.
    - ✓ Introduced multivariate statistics and used data graphics and thematic analysis to investigate key issues for reports, web pages, and promotional presentations.
  - Supervised or advised colleagues in processing, coding, and sharing data and in use of SPSS and Excel.
  - Created innovative quality assurance approaches as part of a long-term team project.
    - ✓ Helped direct development, training, and pilot testing for assessment tools used by 45 employees.
    - ✓ Designed and conducted classroom observations and focus groups.
- ◆ Contributed to grant proposals, case studies, and reports for donors, accreditors, and journals.
- ◆ Promoted from Research Assistant IV, 2006.

**Research Associate, INTERCULTURAL CENTER FOR RESEARCH IN EDUCATION, Arlington, MA (2002).**

- ◆ Developed tools for managing an accountability system encompassing 35 Boston agencies. Customized tools to streamline agencies' reporting and to build in automatic accuracy checks.
- ◆ Evaluated large-scale public school and early childhood programs in Boston and New Haven.
  - Constructed surveys, achievement tests, and classroom observation guidelines.
  - Combined quantitative analysis, thematic analysis, and technical secondary research to create reports; presented findings internally and to clients.
  - Supervised data entry and data management.
- ◆ Trained clients and colleagues in principles of statistical reporting and in SPSS and other applications.

**Research Assistant, BOSTON COLLEGE GRADUATE SCHOOL OF SOCIAL WORK (2001-2003).**

- ◆ Developed continuing education materials for social work professionals and students. Wrote study guides, technical instructions, and reviews of textbooks, websites, and software.
- ◆ Conducted literature reviews and drafted grant proposals.

**Teaching Assistant, BOSTON COLLEGE SCHOOL OF NURSING (2001).**

- ◆ Lectured on quantitative research methods for a graduate course on nursing research theory.

**EDUCATION****BOSTON COLLEGE, LYNCH SCHOOL OF EDUCATION, M.Ed. in Research, Measurement, and Evaluation.**

- ◆ GPA 4.0. Dean's Award for Academic Accomplishment. Passed comprehensive exam with distinction.
- ◆ Projects included polygraph reliability; statistical detection of cheating on exams; time series modeling; multidimensional scaling; nonlinear dynamics; and the placebo effect.
